Dear Future Resident:

We are excited to hear about your acceptance to Dallas Baptist University. Your college experience is a transformational time in your life. As you prepare for your transition to the university campus, I want to encourage you to consider your living arrangements during your college career. Residence Life at DBU provides students with a close community environment that allows each student to learn from a diverse group of their peers. Living on campus also enables students to become more involved in campus activities, organizations, and events.

Enclosed you will find a Residence Life Application, Medical History Form, and Roommate Questionnaire. If you are interested in securing a room in the residence halls, it is imperative that you take action to confirm your reservation. If you are applying for the Spring 2016 semester you need to have your application in by January 1, 2016. For the Fall 2016 semester, housing paperwork should be received by June 1, 2016.

**Final housing assignments are made once a student has completed his/her housing file.** Students will be notified with their hall, room number, and roommate information in the weeks prior to the beginning of the semester. Roommate assignments are made based on the information provided in the housing application and roommate questionnaire. These assignments will be made in the order in which the completed housing applications are received.

Students assigned to the Crowley Complex, will be placed two per room. The suites in Lange Hall, Williams Hall, and Spence Hall accommodate five residents, with two in one room and three in the adjoining room. **Freshmen should expect to be assigned to three-person rooms.** Students living in three-person rooms will receive their housing at a reduced rate.

Some scholarship programs require students to live on campus. Students receiving the Christian Leadership Scholarship or the Academic Excellence Scholarship will be required to live in university housing. If you have a question regarding the housing requirements for your financial aid award, please contact the Financial Aid Office at (214) 333-5363.

As you begin your college career at DBU, it is our hope that you will consider living on campus. If we can provide any additional information regarding Residence Life, please contact our office at (214) 333-5455. We look forward to serving you in the coming months.

Sincerely,

Kelly Anderson
Director of Residence Life
